

SERBS RESENTFUL AT ENGLAND FOR LACK OF SUCCOR

France Has Done Her Part British Should Not be Too Slow Says Former Premier.

GERMANS WILL ENTRENCH

In United Press Interview Serbian Ambassador to France Urges Need of English Help on Balkan Campaign; Near East is Neglected.

(By William Philip Shuma, copyright 1915, United Press.)

PARIS, Oct. 29.—"Serbia asks favors from nobody. All she wants is fair play. She expects the allies to do their full duty by her. France has done so already, and doubtless England too intends to do likewise, but she is too slow. Unless she hurries she will come too late." Thus did Mileutin Vostitch, former premier of Serbia and at present minister to Paris, sum up the Balkan situation for the United Press. He has just returned from Serbia and is familiar with latest developments. "I have often seen in English newspapers an intimation the western front is the only really important front of the war. There was never a greater mistake. The real kernel of the cause of the war is the near eastern question. Thus England, and all the allies are interested in what is transpiring there. Germany began to concern herself in the orient sixty years ago. The war is a direct result of her determination to crush the Balkan countries, which, though small now, were growing stronger and threatening to become a stumbling block on the German road to the east. England is especially interested in this problem, so ought to act more quickly. It will be no use sending troops into the Balkans after Germany's aims are accomplished. Germany has invaded Belgium, parts of France and Russia and is now attacking in the near east. If she wins in the latter quarter she will dig herself in and fortify her lines as in Belgium, France and Russia. Then her game will be to sit back, considering her part done. The allies must not let Germany do this."

Russia Will Get Right to Cross the Rumanian Border

PARIS, Oct. 29.—Rumania's permission to the Russians to cross that territory to Serbia is expected hourly. It is reported the Petrograd offer to cede Bessarabia to Rumania for the privilege won over Rumania. Whether Rumania will lend active aid against the Germans is doubtful, but officials are hopeful. Coupled with a possibility of a Russian counter campaign to head off the Teutons, came reports of vast movements of troops by sea from the Russian ports of Odessa and Sebastopol to Bulgaria. Meantime a struggle in Serbia rages with the Austro-Germans and Bulgars in a more complete conjunction by their meeting at Egri Palanka in southeastern Serbia, according to news dispatches.

"OREGON DAY" CELEBRATED AT SAN FRANCISCO TODAY WITH MUCH POMP.

SAN FRANCISCO, Oct. 29.—When Governor Withycombe was escorted to the fair grounds by two troops of United States cavalry amid the inspiring, patriotic music of a band, the celebration of Oregon Participation Day at the Panama-Exposition was begun with an enthusiasm remarkable for its intensity.

Oregon's chief executive was roundly cheered as the parade he headed made its way toward the administration building, and a salute fired in his honor boomed noisily.

Governor Withycombe was accompanied by his staff. At the administration building a luncheon was given in his honor by President Moore and the directors of the exposition.

Among those speaking at the Oregon building this afternoon were Governor Johnson of California, Mayor Ralph of San Francisco and Governor Withycombe.

President Moore, who also delivered an address, paid high tribute to Oregon for the magnificent exhibit at the exposition, and the huge and picturesque log structure that housed it.

The official ceremonies were completed with the planting of an Oregon pine tree on the grounds by Governor Withycombe.

Open house prevailed at the Oregon building all day with apples, loganberry juice, cider, prunes and cheese for all visitors.

MEXICANS ALIGN IN BATTLE ARRAY AT AGUA PRIETA

FUNSTON WITH 6000 AMERICAN SOLDIERS GUARDS THE BORDER.

WASHINGTON, Oct. 29.—Fighting between Carranzistas and Villistas near Agua Prieta across from Douglas has begun. Funston reported to the war department. General Calles' outposts dispersed three hundred Villistas at Caballero and the Villa patrol west of Agua Prieta was wiped out. Six thousand American troops lined the border ready to fire on the Villistas should they attempt to invade the United States side for a flank against the Carranzistas. Locked up against the border line.

Funston stated the Villistas under General Uribe are moving on Agua Prieta from the west while the main body from the east camped last night along the San Bernardino river, fifteen miles from Agua Prieta. They are expected to reach Guadalupe ranch, twelve miles east, this afternoon, indicating the real battle will begin tomorrow.

Villistas Are Deployed.

DOUGLAS, Ariz., Oct. 29.—Four thousand troops under Villa deployed in battle formation on the southern and eastern sides of Agua Prieta, threw up shallow earthworks and waited. They are several miles from town. No big guns are visible in the Villista forces although it is possible they are supported by hidden batteries. Scattered rifle shots came from the Villa trenches early today. It is evident the Carranzistas are hoarding their ammunition in expectation of a general assault.

London Papers Say German Peace Hints Should Not Be Taken; Think Teutons Starve

LONDON, Oct. 29.—Fear of starvation is declared by newspapers to be producing the most serious situation in Germany. Amsterdam and Copenhagen reports of a food shortage said to exist in the Fatherland are prominently displayed. American dispatches regarding the possibility of German peace overtures, being attributed to economic pressure, are given prominence. The papers are unanimous in the declaration the allies should ignore the Teutonic peace suggestion despite the admitted gravity of the Balkan situation and the probability the Austro-Germans will reach Constantinople soon. Inquiry did not disclose any peace sentiment in responsible British quarters.

Democrats to Base Contest on Record of Administration

NEW YORK, Oct. 29.—The democratic national organization will swing into the 1916 fight within less than six weeks. Chairman McComb of the national committee admitted there will be a real fight, though he sees nothing but success in the offing. The national commission will gather at Washington December seventh. "I have been through one pre-nomination and one presidential campaign," he said, "and I know you can no more pick a successful political organization out of air in a few minutes than you can build a second steel corporation overnight. The work of organizing and obtaining funds should begin after the meeting." President Wilson, he declared, will be the party's nominee and the party will go before the country with the administration's achievements as an argument for votes.
